

ThinkPad T14 Gen 3 (Intel)

Designed for the modern workforce who need to work from anywhere, this compact desktop is a powerhouse of modern features. It has up to 12th Gen Intel Core processor and multiple display options with technologies like low power consumption, anti-glare, and anti-smudge to choose from. With its onboard Intel UHD graphics and discrete NVIDIA GeForce, combined with up to 2TB ultra-fast SSD storage, it delivers quicker responsiveness while working on heavy-duty applications and complex data or files.

Redefining possibilities with powerful performance and groundbreaking on-device AI

ThinkPad T series laptops offer professional-grade durability, powerful performance with good processors, ample memory, and fast SSD storage. They feature robust security features and long battery life for productivity on-the-go.

Comes with a slew of ports, including 2x USB 3.2 Gen 1. Users can connect up to 3 external monitors via Thunderbolt and HDMI ports for seamless multitasking. WiFi 6 support enables faster uploads and downloads as well as lower latency when used with compatible routers.

Security solutions include an optional IR camera for Windows Hello for facial recognition, an optional web camera shutter for user privacy during calls or meetings, and a Kensington slot for device safety.

Available in multiple configuration options, this laptop combines powerful performance with the latest features like WiFi 6 technology and ultra-fast SSD storage.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Accessories

Lenovo Powered USB-C Travel Hub

- Connects to a PC through a single USB-C cable which also recharges the device
- Connect to an external display with HDMI or VGA, and other peripherals with 2x USB ports
- Compact 183x100mm (7.2x4") design with integrated cable management
